ARGGER **Triton**

Triton series architectural mesh is our new but popular decorative materials. It has two different mesh patterns: conveyor belt meshes and chain link meshes. The conveyor belt meshes are popular materials in parking screens and partition fences while the chain link meshes are popular in mesh curtains and partition fences.

The Triton decorative architectural meshes mainly adopts two materials: stainless steel material supplies durable and strong material to withstand high wind and outdoor exposure.

And aluminum material permits more color possibility to match different interior decoration styles and designs.
