- Hotel
- Shopping center
- Office
- Concert hall
- Restaurant
- Family
- Recreation center
- School
- Theater
- Library
- Hospital

WEAVING INFINITE POSSIBILITIES

### ATHENA-5050D

Athena-5050D is made of two parallel horizontal round wires that are alternately woven up and down on a vertical string. This two-wire weaving is simple and elegant, with good balance and sturdiness. It is used for railing fillers, partitions and exterior wall decoration applications, and can meet technical and aesthetic requirements at the same time.

#### SPECIFICATION

|                                  |   |
|----------------------------------|---|
| Material                         | SS304/SS316                                     |
| Surface finish                   | Baking varnish and plating                      |
